

Presenting

If you are presenting on-site, please have your presentations with you as either a PDF file or a PowerPoint file on a flash drive or a USB stick so they can be downloaded onto the presenter's computer. You can also send us your presentation via e-mail (Tuesday at 3.00 PM at the latest)

Connecting your private laptop computer to the projector is not possible.

The virtual meetings platform & timetable

The virtual meeting platform for all panels will be Microsoft Teams. Virtual presenters can learn how to easily share their screen in Microsoft Teams by checking out the following tutorial video:
